

Best Practice-2

Title of the Practice- Oxy- Zone Campus- A Step for Maintaining Pollution Free Campus

Objectives-

1. To develop an Oxy- Zone Campus in the college campus.
2. To maintain the pollution in the college campus.
3. Sensitizing students and beautify our surroundings.
4. To make the stakeholders aware about importance of Oxy-Zone campus.
5. To maintain the environmental consciousness among the stakeholders.

Context-

The College located at the central place of Dhule city. The college possesses a beautiful as well as a vast campus. Creating an Oxyzone Campus mission has been started in the college campus which will help for maintaining a pollution free campus and create free breathing to the stake holders. The beautiful garden and ample of trees help for improving human condition and health in the campus.

1. The trees and garden around us extremely necessary for improving human condition and improvemental health.
2. Tree produces oxygen and acts as giant filter that cleans the air we breathe.
3. Tree clean the soil and improve soil health by storing harmful pollutant or changing the harmful pollutant into less harmful.
4. The oxy-Zone campus prevents soil erosion.
5. The oxy-Zone campus acts as carbon sink; carbon dioxide has been controlled by it which is helpful for maintaining for global warming.

• Various activities organized

A) Guest lectures on

- 1) Environment Consciousness
- 2) Maintaining Pollution Free Campus
- 3) Importance of maintaining Oxyzone Campus

B) Social awareness through rallies, banners and posters.

- 1) No Mobile Day in Campus
- 2) Cleanliness Drive

3) Poster Presentation Competition

- **Problem Encountered and Resources Required -**

The college has a big campus, in order to fix this problem we have a budget constraint for maintaining the pollution free campus, but the college puts its efforts consistently in this direction by consulting the Management as well as various NGOs for an availability of fund and financial assistance. Every year, as per the circular of Government of Maharashtra, the college runs plant Sapling drive in the campus by approaching Municipal Corporation and forest department time to time.

- **Evidence of Success:**

Today, Oxy-zone campus of the college has been created. The campus is buzzed with plenty of trees which produce and circulate oxygen in the campus. The gardener who is appointed for cleaning and maintaining the garden takes care of the garden which helps to create free air and pollution free campus. This practice unique and best life support system for the living organism. This initiative has spread out to local region by engaging people besides our campus. The college has introduced this practice to sensitize the students and teaching them health is wealth.

The Green Campus Policy Document

Scope of the Policy: The Green Campus Policy initiated by our college in the campus will encourage the students, teachers and all the stake holders to take the lead in positive thinking about the step of saving environment and global warming. It also helps to create awareness about tree plantation and its importance. These initiatives call for a thorough review of all the infrastructural and administrative functions from the points of saving environment, energy efficiency, sustainability and the environmental consciousness. The focus area of this policy include,

1. Restricted entry of automobiles in the campus
2. Use of bicycles/Battery-powered vehicles
3. Pedestrian-friendly pathways
4. Ban on use of plastic
5. Landscaping

✓ Objectives of the Policy:

- ✓ To protect and conserve an ecological systems and the resources in the campus
- ✓ To reduce the pollution in the campus
- ✓ To integrate environmental consciousness regarding the plans, activities and the proper implementation of the policy in the campus and outreach activities
- ✓ A continuous improvement in our contribution to climate protection and conservation of global resources.

- ✓ To make the Plastic free campus
- ✓ To create the awareness of the importance of Green Policy for the sustainable development of the campus.
- ✓ To create the awareness of water and energy conservation.

✓ **Policy-**

For Clean Campus Initiatives, S.S.V.P.S. Arts and Commerce College has pledged to actively coordinate cleanliness activities in the institution and beyond the campus in accordance with the vision of Green Campus. It has aimed a broad vision as follows,

- ✓ Generating mass awareness on Cleanliness and Hygiene amongst the stake holders by holding regular Cleanliness Drive in the campus and beyond the campus.
- ✓ Cleanliness Drive is organized in the campus and in the surrounding by the N.S. S., N.C.C. Units and the departments of our college.
- ✓ Regular 'Campus Cleaning' is organized in the campus.
- ✓ Keeping the view of the environment policy, the institution has taken initiatives to Use of bicycles/Battery-powered vehicles in the campus
- ✓ Encouraging the staff members to participate for the promotion of cleanliness drives in the campus.
- ✓ To dispose and remove all kinds of waste material like 'Use and Throw Plastic Pens', 'the regular Plastic Pens', 'Plastic carry bags', 'Broken furniture', Papers and Newspapers', 'Unusable equipments' etc.
- ✓ To administer a 'Group Pledge' by all the stakeholders for maintaining cleanliness in the campus and its surrounding.
- ✓ Commit to maintain the waste and cleaning campus during and after the regular and national events.
- ✓ 'Saturday is keep as "No Vehicle Day" in the campus.

- ✓ It insists on keeping a ban on the use of plastic in the campus
- ✓ The institution has made the Pedestrian-friendly pathways in the campus.
- ✓ It covered a landscaping for the maintenance of the greenery in by planting trees, plants, bushes and lawns.
- ✓ The institution has planned a Best Practice of **“Oxy-zone Campus- A Step for Maintaining Pollution Free Campus”**.
- ✓ It organizes activities for the successful implantation of the best practice in sustainable development of the campus.
- ✓ This initiative has spread out into local region by engaging people besides our campus.

A Group Discussion Programme was organized by Equal Opportunity Cell (SWD) on “Maintaining Oxy-zone Campus- Roles and Responsibilities”

A Group Discussion Programme was organized by Equal Opportunity Cell (SWD) on “Maintaining Oxy-zone Campus- Roles and Responsibilities” on 02 February 2024. Dr Deepak Chaudhari introduced the aims and objectives of the event. Two groups were formed of the boys and girls. 10 boys and 15 girls participated in the programme. Mr. Kiran Chavan anchored the programme and Rohini Deore paid vote of thanks. All students expressed their views and thoughts on the need of Oxy-zone Campus Need and Advantages in current situation.

Objectives of the Programme:

- To create Environmental Consciousness among the students.
- To create the awareness about Maintaining Oxy-zone Campus- Roles and Responsibilities
- To make the stakeholders aware about Maintaining Oxy-zone Campus- Roles and Responsibilities

Outcomes of the Programme-

- The students were made aware about the Environment.
- It helped to build the Group discussion Competency among the students.
- The students got the awareness and need of the maintaining environments in the campus.

• **Introduction**

Now days, the educational institutions are becoming more thoughtful towards the environmental aspects and as a result new and innovative concepts are being introduced to make them sustainable and eco-friendly. To preserve the environment within the institution, a number of viewpoints are applied by the several educational institutions and NGOs to solve their environmental problems such as promotion of the saving energy, waste recycle, water consumption reduction, water harvesting and many more.

The activities carried out by the institution can also create adverse environmental impacts. Green audit is defined as an official inspection of the effects a college has on the environment. It is conducted to evaluate the actual scenario in the institution campus to determine how and where they are using the most of the energy and water resources. The institution takes initiatives to implement the required changes for environmental consciousness. It can also be used to determine the nature and volume of waste, which can be used for a recycling project or to improve waste minimization plan. Green auditing and the application of mitigation measures results in sound health, awareness as well as it helps to promote the environmental awareness, values and beliefs. It increases a better understanding in staff and students about the Green impact on institution as well as financial savings through reduction free resource use.

Overview of the Institutions

S. S. V. P. S. B. N. S. Patil Arts and M. F. M. A. Commerce College, Deopur, Dhule was founded on the ideals of imparting quality and holistic education envisions to be the global powerhouse of producing skilled graduates. The campus is a multi-disciplinary educational hub hosting over 2300 students.

The thirty acres of green campus of the institution provides pollution free campus for free breathing. It contains required physical infrastructure, a well-equipped computer lab, a well-updated library, departmental libraries, seminar halls, ICT halls, language lab, psychology lab etc. The campus also includes sports facilities like gymnasium with a huge play ground. The campus is Wi-Fi enabled with 24 x 7 connectivity.

The institution offers value-based education in specialized areas of study including Languages, Social Sciences, Commerce and Management which inculcate expertise and life skills.

dnewadkar@rediffmail.com

Executive Summary

Green Auditing for the educational institution is an essential step to identify and determine the importance of the institutional practices for sustainable and ecological purpose. Traditionally, we were upright and efficient users of the natural resources for our daily routine. But, gradually in course of time, an excessive usage of resources like water, electricity, petrol, and other artificial sources have become habitual for everyone. It is actually high time to check if we are consuming more than required resources? Whether we are using resources sensibly?

In this regard, Green Audit standardizes all such practices and provides an efficient way to use natural resources. Due to the continuous issue of climate change and resource exhaustion it is necessary to re-check the processes and convert it in to green and sustainable resource. Green Audit also provides an approach for it. It also increases overall awareness among the stake holders working in institution towards the eco-friendly environment.

This is the prior attempt to conduct Green Audit of this institutional campus for the fulfillment of NAAC guidelines. This Audit was mainly focused on greening indicators like consumption of energy in terms of electricity and fossil fuel, water usage, waste management practices and carbon foot print of the campus.

• Detailed Analysis of Green Audit

1. Waste Minimization and Recycling

Does your institution generate anywaste? If so, what are they?	Yes, Solid waste including paper, plastic, horticulture Waste etc.
What is the approximate amount of waste generated per day? (in Kilograms/month) (approx.)	300KG/Month
How is the waste generated in theinstitute managed? By 1 Composting 2 Recycling 3 Reusing (Others (specify)	<ul style="list-style-type: none"> • Reuse of one side printed Paper for internal communication. • Sewage water is treated by STP with capacity of 25●KLD. • Waste bins are provided in campus at affordable places for biodegradable and non- biodegradable waste. • Solid waste is also given to Municipal

dnewadkar@rediffmail.com

Co-Ordinator, GPAC

	Corporation, Dhule. • Composting is done for horticulture waste management.
Do you use recycled paper in institute?	Yes
How do you spread the message of recycling to others in the community?	<ul style="list-style-type: none"> • The institution organizes various campaigns and webinars about environmental consciousness with the help of students. • As 'Environmental Studies' has been introduced as Compulsory Subject for all the enrolled students of F. Y. B. A. & F. Y. B. Com. . The Environmental Committee organizes field work and projects for the students.
Can you achieve zero garbage in your institute? If yes, how?	No. We have not attained zero garbage level on the campus. But we are striving in that direction.

II. Greening the Campus

Is there a garden in your institute?	Yes, about 1000 Sq. Meter area is developed as Garden.	
Do students spend time in the garden?	2-4 Hours during the stay in the campus.	
Total number of Plants in Campus	Plant type	Approx. number
	Full grown Trees	210
	Small Trees	140
	Hedge Plants	1000
	Grass Cover SQM	50
Is the college campus having any Horticulture Department? (If yes, give details)	No.	
Number of Tree Plantation Drives Organized by campus per annum. (If Any)	02 Tree Plantation Drives in the academic year 2021- 2022. 'Tree Plantation Drive' as per the guidelines of Government of Maharashtra. 'Tree Plantation Drive' under NCC and NSS	
Plant Distribution Program for Students and Community	Yes, Saplings are distributed to Students and the visitors at various occasions in every academic year.	
Plant Ownership Program	NA

कार्यालय - प्लॉट नं. - 04, हरि ओम नगर, बाडीभोकर रोड, देवपूर, धुळे. E.mail
dnewadkar@rediffmail.com

Total Carbon Footprint (CO2 emission per year, in metric tons)

1. Electricity used per year	(Electricity used per year in kWh 7200)
2. Transportation per year (Bus) CO ₂ emission from transportation (Bus)	NA
3. Transportation per year (car) CO ₂ emission from transportation (car)	(Number of cars entering college campus x 2 x approximate distance travelled by the vehicle inside the campus in kilometers 2X5X500 = 5000)

• **Green Initiatives by campus**

- **Tree Plantation Drives** - The institution organizes 'Tree Plantation Drives' during the first week of July as per the guidelines of Government of Maharashtra. Apart from it, our institution organizes 07 day's N. S. S. Camp where it runs 'Tree Plantation Drives'. Guests and students are honored by saplings on some special occasions.
- **Ground Water Recharge** - The College has 4 units of Rain Water Harvesting System.
- **Air Pollution Reduction**- The College encourages the faculties and students to observe No Vehicle Day once in a month on regularly basis.
- **Solid Waste Management** – Solid waste segregation and management is carried out by the third party and waste minimization practices like avoidance of food waste, ban on plastic crockery in the campus are observed.
- **Environment Committee** – Environment Committee has been formed by the institution for Green Metrics with 02 members namely Dr. Sadashiv S. Suryawanshi, Asst. Prof. Prashant A. Bhadane, Dr. Sanjay B. Ghodase and Principal of the college /institution appointed Committee Chairman of E. C. is Asso. Prof. Dr. Sanjay Ghodase

Recommendations

- Environment Committee should organize more waste management awareness programmes.
- Water Meter should be installed at every building of institute for monitoring of water consumption per capita.
- The college should increase the display of environment consciousness posters, paintings and slogans in the campus.
- Save Energy messages should be displayed at various locations to aware the students and

dnewadkar@rediffmail.com

SSVPS BNS PATIL ARTS AND MFMA COMM. COLLEGE, DHULE. // GREEN AUDIT JAN 2022
staff about energy Savings.

- The college should enhance recycling measures.
- Eco-friendly parameters should be included in the purchase of articles and goods for the campus.
- The college should increase the solar powered lights and LED display in the campus.
- The college should encourage the idea of paperless campus by adopting 'Go Digital' Drive
- Plant more trees and bushes which are helpful in spreading oxygen.

• **Conclusion**

This Green Audit involves extensive consultation with all the campus team, interactions with key personnel on wide range of issues related to environmental aspects. S. S. V. P. S. B. N. S. Patil Arts and M. F. M. A. Commerce College, Deopur, Dhule has formed Environment Committee (E.C.) for sustainable use of resources. The audit has identified several observations for making the campus premise more environment and eco-friendly. The recommendations are also mentioned with observations for the campus team to initiate actions. The audit team opines that the overall campus is maintained well from environmental perspective. There are no major negative observations but the college needs to initiate few things like installation of water meters and water balancing report on urgent basis for better results.
